

## **Attention all Providers receiving Electronic Remit Transactions (835)**

In accordance with CAQH/CORE Rule 360 requirements, we are updating the CARC (Claim Adjustment Reason Code) and RARC (Remittance Advice Remark Code) code combinations as of May 1, 2016. The CARC and RARC codes appear in the v5010 835 transaction in CAS Segments and LQ Segments in the Service Payment Information section. The May 2016 versions of the Molina RF-0-77 (LA Medicaid/HIPAA Error Code Crosswalk) and RF-0-77-R (HIPAA/LA Medicaid Error Code Crosswalk) reports display the new code combinations used in the Louisiana Medicaid Program. These crosswalks do not apply to Pharmacy (NCPDP) claims. These reports are posted on [lamedicaid.com](http://lamedicaid.com) under the Forms/Files/User Manuals link.
