

ATTENTION OB/GYN PROVIDERS:

The Office of Population Affairs (OPA) is in the process of requesting approval from Health and Human Services (HHS) for a long term extension of the current sterilization consent form as there are no planned revisions to the language used in the current form. Beginning in November, OPA began updating the form on a monthly basis with the expiration date being that of the current month. Molina will accept all forms that were considered current on the date they were signed by the recipient. To ensure having the most current form, providers are encouraged to visit the OPA website, http://www.hhs.gov/opa/order-publications#pub_sterilization-pubs, to print the forms needed for that day.

Please contact the appropriate Managed Care Organization if there are any questions concerning their policies related to the updated forms at the following numbers: **Aetna:** Provider Relations **1-855-242-0802**; **AmeriHealth Caritas:** Provider Relations **1-888-922-0007**; **Amerigroup:** Provider Relations **1-800-454-3730**; **Louisiana Healthcare Connections:** Provider Relations **1-866-595-8133**; **United Healthcare of Louisiana:** Provider Relations **1-866-675-1607**. In addition, if you have any questions regarding fee for service claims contact Molina Provider Relations (800) 473-2783 or (225) 924-5040.
