

Attention ICF/IID Providers:

Louisiana Department of Health has developed and CMS has approved provisions governing the addition of two (2) non countable leave days for bereavement of close family members as defined by Louisiana Civil Service. These two additional days will not count against the annual forty five (45) day limit for leave for those recipients in an ICF/IID facility. Click [here](#) for more information. This new information is found starting on page 1 of Attachment 4.19 C. Please contact Lana Ryland at lane.ryland@la.gov for any additional questions you might have.
