

Attention all Providers receiving Electronic Remit Transactions (835)

In accordance with CAQH/CORE Rule 360 requirements, we are updating the CARC (Claim Adjustment Reason Code) and RARC (Remittance Advice Remark Code) code combinations as of September 4, 2015. The CARC and RARC codes appear in the v5010 835 transaction in CAS Segments and LQ Segments in the Service Payment Information section. The September 2015 versions of the Molina RF-0-77 and RF-0-77R reports display the new code combinations used in the Louisiana Medicaid Program. These crosswalks do not apply to Pharmacy (NCPDP) claims or encounters. These reports are posted on lamedicaid.com under the Forms/Files/User Manuals link.
